Get an enterprise-level guarantee for your plugin updates!

If you have outdated plugins, you're leaving your site vulnerable to attackers. With Flywheel's **Premium Managed Plugin Updates**, we've got you covered! Combine our Add-on with the powerful expertise of our Technical Account Specialists, and you can relax knowing your site is safe and up-to-date with the help of our experts.

Back your site with the best-in-class features

DEDICATED TECHNICAL ACCOUNT SPECIALISTS

Our team of experts oversees the process from start to finish! We'll handle all the technical bits and connect with you every step of the way.

CLONED ENVIRONMENT TO PERFORM UPDATES

We'll make a clone of your site to complete all updates. Once we're done, you and your team have access to view the updates before it goes live!

99.99% UPTIME GUARANTEE

Creating a clone of your site allows our experts to test the updates before applying them to the live site. This greatly reduces potential downtime!

PLUGIN MANAGEMENT AND ASSISTANCE

Our team of experts will apply updates to plugin versions and databases on your site. Have a touchy plugin? We'll create a plan that fits your site best!

REVIEW UPDATES BEFORE GOING LIVE

We'll give you access to review the updates before we push them to the live site! This gives you a chance to call out any changes or make any edits.

WHITE-GLOVE SERVICE FOR YOUR SITE

We've carefully crafted each step of the process to provide you with the best in class experience. Any questions? We're here to help and provide 1-on-1 assistance!
